

Silicon Carbide Products

Corporate Quality Policy

Silicon Carbide Products, Inc. is committed to meet or exceed the expectations of our customers.

We strive to provide exemplary customer service by working to make it easy for our customers to do business with us.

Silicon Carbide Products will implement systems and strategies enabling consistent positive accomplishment and reinforcement.

We foster our commitment by coaching co-workers and provide incentives for achieving objectives.

We will monitor our progress empirically and solicit customer input to gauge our success.
